

RACK GUARD ALFA

Technical Information

Tested to withstand force of (Joules)	400 J
Equivalent angle of impact	90°
Approved according to	DIN EN 15512:2010-09, Kapitel 6.4.1 DIN EN 15635:2009-08, Kapitel 9.5.1

Material Properties

Operating Temperature	-10° - +50°
-----------------------	-------------

Environment

CO2/m ³	4 kg
Recyclability	100 %

Other

Standard Warranty	1 year
-------------------	--------

Testcenter Video TÜV Approved
