

# Stokoderm® Sun Protect 30 PURE

SPF 30 UV Skin Protection Cream for professional use

## PRODUCT DESCRIPTION

Broad spectrum, perfume-free and water resistant SPF30 sunscreen for professional use to protect the skin against harmful UVA, UVB and UVC rays.

## WHERE TO USE

Outdoor workers exposed to UVA & UVB sun rays and workers exposed to UVC rays created during industrial processes, such as arc welding etc.

Caution: Applying an insufficient amount of product reduces the protective performance. Over-exposure to the sun is a serious health threat. Even sunscreen with a high SPF does not offer full protection against UV rays and does not replace the need to use/wear appropriate personal protective equipment and clothing. Avoid excessive UV exposure. Keep babies and young children out of direct sunlight and wear protective clothing. Avoid eye contact.

## INSTRUCTIONS FOR USE

- Apply liberally to clean, dry skin 15 minutes before UV exposure
- Re-apply every 2-3 hours, or more frequently if sweating or washing

FORMAT: **CREAM**

| FEATURES   | BENEFITS  |
|--|---|
| UVB 30 High protection   | Sun Protection Factor of 30 prolongs the skin's natural protection time against the sun's UVB rays by a factor of 30.   |
| UVA protection   | Conforms to the European recommendation for providing protection against the harmful effects of UVA rays.   |
| UVC protection   | Provides additional protection against UVC rays as created artificially during certain industrial processes, such as arc welding. Does not replace personal protective equipment. |
| Water resistant formula  | Tested to retain SPF30 protection after 80 minutes in water.  |
| Non-greasy after feel  | Non greasy after feel to encourage regular use and help limit the effect on dexterity with hand held tools.   |
| Contains vitamin E, jojoba oil, cocoa butter, panthenol, caprylic/capric triglyceride and glycerin | Skin conditioners to help prevent drying and leave the skin feeling smooth after use.   |
| Perfume free and dye free  | Designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.   |
| Silicone-free  | The product will have no adverse effect if in contact with surfaces prior to the application of paint or surface coatings.  |

# Stokoderm® Sun Protect 30 PURE

SPF 30 UV Skin Protection Cream for professional use

### STATUTORY REGULATIONS

This product is a cosmetic product regulated by and complying with Regulation EC No 1223/2009 (as amended) on Cosmetic Products.

### SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to the Safety Data Sheet which can be downloaded from [www.scjp.com/msds](http://www.scjp.com/msds).

### SHELF LIFE

This product has a shelf life of at least 30 months from the date of manufacture when stored unopened at room temperature. For shelf life after opening: see indication on packaging.

### QUALITY ASSURANCE

SC Johnson Professional skin care products are manufactured in facilities which follow cosmetic Good Manufacturing Practice (cGMP) requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in our high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

### PRODUCT SAFETY ASSURANCE

#### Skin Compatibility Test

Independent dermatological tests conducted to assess the skin compatibility of the product using voluntary test persons in occlusive, 96 consecutive hour application models, shows the product to be non-irritating in use.

#### Toxicological Approval

The product has been assessed by an independent toxicologist and has been declared to be safe for use on adults aged 16 and above.

### COMPATIBILITY TESTS

#### Skin Compatibility Test

The 96hr Patch Test results show the product to be kind to the skin.

### EFFICACY TESTS

#### Assessment of UVA-PF In vitro

Determined according to ISO 24443:2012.

#### UVB Efficacy Test in vivo

Using the International Standard for determining the sun protection factor (ISO 24444:2010) the SPF was determined along with the claim for water resistance.

#### UVC Efficacy Test in vitro

A modified COLIPA Guideline method was used to confirm that the product provides a distinctly lower transmission of UVC range >250nm.

SPECIAL NOTE: UV protection creams even with high SPF, do not offer full protection against UV rays and do not replace the need for using/wearing appropriate personal protective equipment and clothing.

#### Water Resistance Test

Determination of the SPF factor according to ISO 24444:2010 (E) before and after water application to volunteers in a spa pool for 4 x 20 minutes, confirms an SPF30 and that this sun protection is water-resistant.

### INGREDIENTS
